

## Hebden Royd C of E Primary Science Curriculum Map (Rolling Programme B)

| Year Group            | AUTUMN   |                                      | SPRING                      |                          | SUMMER                   |                  |
|-----------------------|--|--------------------------------------|-----------------------------|--------------------------|--------------------------|------------------|
| <b>EYFS</b>           | The Statutory Framework for the Early Years Foundation Stage curriculum 2021 will drive the EYFS provision in class. However, elements of the classroom environment or activities in provision may be influenced by foundation subject content so long as key EYFS skills are embedded within. |                                      |                             |                          |                          |                  |
| <b>Year 1 &amp; 2</b> | Materials  |                                      | Animals including Humans    |                          | Plants                   |                  |
|                       | Seasonal changes<br>   |                                      |                             |                          |                          |                  |
| <b>Year 3 &amp; 4</b> | States of Matter - review  | Working scientifically               | Electricity                 | Animals including Humans | Living things & Habitats | Revisit & Review |
| <b>Year 5 &amp; 6</b> | Animals including Humans   | Living things ( <i>Life cycles</i> ) | Evolution ( <i>plants</i> ) | Light                    | Forces                   | Revisit & review |
